Additional Informations:

Height

Measure while the woman stands with head, shoulders, buttocks and heels touching the wall

Bust circumference

Measure the bust at the fullest part around the body

Underbust circumference

Pull the measuring tape around your ribcage, just underneath your breasts. Make sure the tape is running straight and level around your body

Upper arm circumference

Measure the arms horizontally around the fullest part of the upper arm

Waist circumference

Measure the waist where the body bends

Hips circumference

Measure around the fullest part of your hips,
keeping the tape horizontal

Thigh circumference

Measure the fullest part of your thigh

Knee circumference

Measure around the knee cap

Neck circumference

Measure all the way around your neck above your collar bone

Shoulder width

by Pauline Roy design

Measure the shoulder from the beginning of the neck to the beginning of the arm at the shoulder

Wrist circumference

Measure horizontally over the wrist bone

Back width

by Pauline Roy design

Measure distance on the back from armpit
to armpit above shoulder blades

Bust height from center back

CB(center back) is located at Cervical Vertebra C7. C7 is the most protruding vertebrae on your neck.
Measure distance from CB over one side through the base of neck to the bust apex

Front length of center back neck

Tie elastic or a ribbon around your natural waist. The tie must be parallel to the floor around your waistline, when looking from the side. CB (center back) is located at Cervical Vertebra C7. C7 is the most protruding vertebrae on your neck. Measure distance from CB over one side through the base of neck to the apex and then to the natural waist. Keep tape close the body. From the apex down to waist measuring tape must be kept perpendicular to the tied elastic.

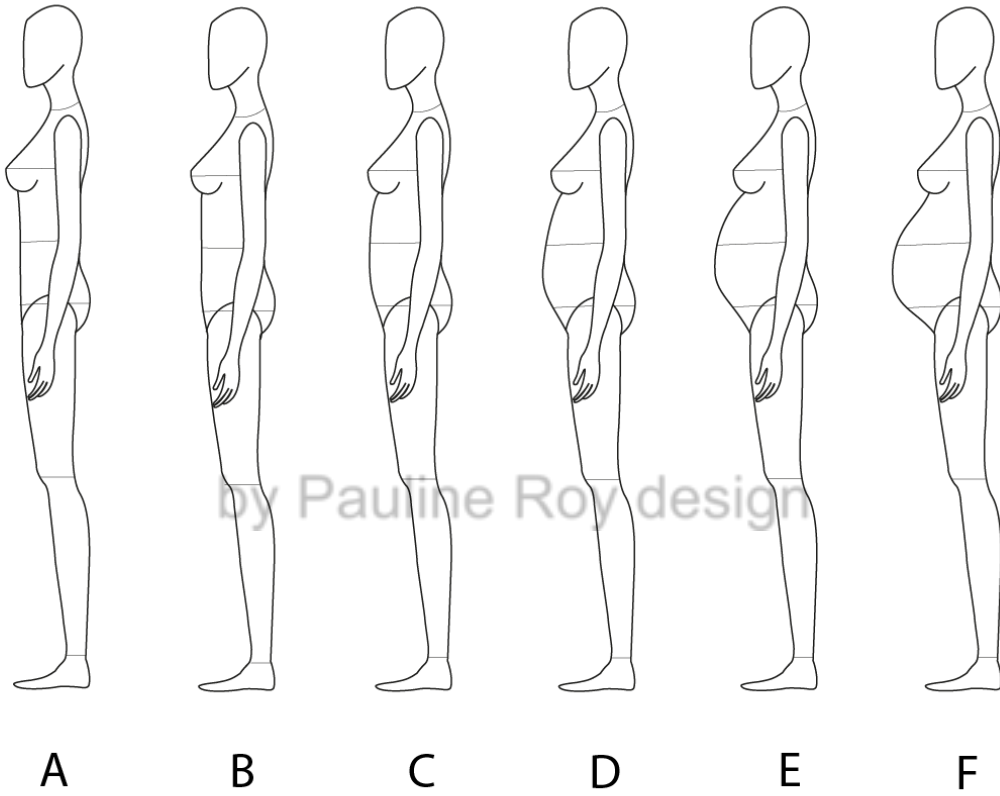

Back length

by Pauline Roy design

Measure from the Central Back Neck Point to the Waistline level. The measurement is made only when the head is erected

Belly protuberance

by Pauline Roy design

Buttocks

Very flat

Flat

Average

Curvy

Very curvy
